Exhaust System				
A Chrome straight through exhaust system similar in sound to the original Porsche system. Gives your Speedster a bit of a growl				
	Mild Steel			
	Stainless Steel			
Wiring Harness Kit				
This kit includes a fuse box and full instructions. It takes the headache out of wiring your Spyder. The loom is colour coded, so you just follow the instructions that tell you what colour goes where!				
		R 5,500.00		
Trim Set				
This is made to order in the colour of your choice. We can use vinyl and this is hard wearing and the high quality materials we use are virtually identical to leather. Alternatively for a modest cost, an upgrade to full leather achieves a 100% authentic feel. The complete set includes two seats (with or without brass eyelets), two door trim panels, two door check straps, head fairing panel (in two parts), Gaiters for handbrake and gear selector plus fittings				
	Vinyl	P O A		Black or Red
	Leather Upgrade	P O A		Black or Red
Prices				
All prices are ex-works, unpacked, exclusive of VAT (Value Added Tax) and are subject to change without notice				
Payments				
A 30% non-refundable deposit is required to confirm an order. Terms of payment are net cash upon collection. Cheques (in South African Rand) are accepted but must be cleared by our bank before delivery. If a cheque is sent by post, then it must be received at least ten days prior to collection to allow time for clearance				
VAT AND EXPORTING				
If you live in the Southern Africa, you must add Value Added Tax to your order, currently 14%.				
If you live outside South Africa, the goods we export directly to you will not include a charge for Southern African Value Added tax.
